INTRODUCING THE AMBA & BGA ACCREDITATION FORUM 2021

► Paul Thurston, Conference Producer, AMBA & BGA

AMBA & BGA's Accreditation Forum is specifically designed to help prepare accreditation professionals at Business Schools that are applying for AMBA and/or BGA accreditation or re-accreditation.

AMBA & BGA is committed to ensuring that our content is still available to our audiences. In spite of social distancing, this year's Accreditation Forum will be hosted completely online. All the sessions will be live streamed as interactive webinars, and the recordings to all sessions will be shared with all our delegates following the event.

The content will be led by a team of expert accreditors and guest speakers who will share their knowledge and insights over the course of the forum, and will cover:

- the structure of the accreditation process
- what it takes to make an accreditation submission successful
- best practices of successful Schools
- typical challenges Business Schools face – and proposed solutions
- marketing and communicating your accreditation to key audiences
